

BOBBIE SMITHERS LEADS COUNT FOR LABOR'S QUEEN

COUNT IS NOT COMPLETED DUE TO AVALANCHE OF VOTES.

An avalanche of possibly 50,000 votes yesterday made it impossible to determine the winner of the Amarillo Labor and Industrial Show's popularity contest among the working girls. It is not expected that the votes will be counted before sometime this afternoon, as only a few persons are engaged in the counting, said officials.

This contest has been going on for several weeks. Many Amarillo stores cooperated in the movement, giving coupons with purchases so that the buyers could cast votes for their favorite working girl. The winner will receive a \$300 diamond ring.

Bobbie Smithers was reported ahead late last night, but this does not especially indicate that she will win the contest, officials declared. Loretta Dunson, Mary Merriett and Ruby Pindexter were also pulling up large votes and all still have a chance to win when the count is finished today.

McCorkle Is Made Publicity Chief For Labor Show

Ray H. McCorkle, formerly with the Daily News and later night agent of the police station, yesterday accepted the position of publicity director for the Labor and Industrial Show, which will be staged here for one week beginning Labor Day.

McCorkle started his work off by sending out about fifty letters to newspapers all over this part of the country, containing publicity on the show. He will have offices in the Argonne hotel parlors and will continue his work throughout the show.

JOE L. POPE SPEAKS TO CLOVIS KIWANIS

CLOVIS, N. M., Aug. 31.—Speeches were made at the Kiwanis Club lunch here yesterday by Joe L. Pope, managing editor of the Amarillo Daily News, Don Shipley of Florida and Fred Stone, former mayor of Clovis. Dr. Dillon, president of the club, presided.

Mr. Pope, special guest of the organization, spoke for thirty-five minutes on community cooperation as a means of building worthwhile institutions. The audience cheered when the speaker declared that "Clovis people are the same kind of people we in Amarillo are, and we of Amarillo are the only an imaginary line." He spoke in a laudatory manner of the rapid growth of Clovis institutions and of public improvements, such as street paving.

THIS IS LAST DAY CHILDREN MAY EAT

REGA, Aug. 31.—In one of Russia's starving regions, the Tartar republic, even the children will receive no food after tomorrow, according to announcements published by the Izvestia today.

Twenty-five thousand children maintained by the state institutions will be dismissed while 200,000 fed under the card rationing system also have received their last supplies, the announcement said. The monthly reserve of the Tartar government to the amount of seventy cars of bread, seventeen cars of cereals, and two cars of sugar have been exhausted and no further supplies are in sight.

6,000 COAL MINERS THREATEN TO ATTACK

(CONTINUED FROM PAGE ONE)

Doctors and nurses were sent to Peck's Mill, where a field hospital was established late in the afternoon. Other hospitals, it was said, would be ready before tomorrow.

Sheriff Chaffin and Sheriff Hatfield made a tour of the front before nightfall and it was expected that upon their return the exact position of the opposing forces would be made known.

Women Supply Food.

The little country town of Logan was the scene of intense activity. Volunteers continued to come in from all over the southern part of the state. Women of the county served them with food and hot coffee while trained military men organized them into service units and hurried them to the front. Everywhere the gravity of the situation was recognized, but there was note of optimism from the men who looked on their rifles in the street to the women who worked in the improvised canteens.

ASHVILLE, N. C., Aug. 31.—Conditions in and near Concord, an important textile center, are again beyond control of the city and county authorities. Governor Morrison was advised late today by Sheriff Carl Spears and Mayor J. B. Womble of Concord. The governor was requested to order the return of state troops to the posts from which they were withdrawn a few days ago.

Hanging used to be a religious ceremony. Modern asphalt paving dates from the year 1712.

ATTORNEY'S LIFE IN DANGER IF HE PROBES KU KLUX

THREATENING LETTER IS SENT TO UNITED STATES PROSECUTOR.

CHICAGO, Aug. 31.—Col. John V. Clinton, acting United States district attorney, today received an anonymous letter, in which he was advised to increase his life insurance before making further investigation of the Ku Klux Klan. The letter was signed "A United States citizen and sometimes not a bit proud of it."

Colonel Clinton said that he always ignored such communications, and would treat this morning the same as he has all others.

Declaratory that complaints said to have been lodged against the Ku Klux Klan afforded no basis for federal action against the organization, and that unless evidence implicating the Klan in violations of federal statutes can be produced there will be no investigation by his office, Colonel Clinton said he has as yet found nothing which would warrant such an investigation as has been asked.

SOLDIERS' BONUS BILL KILLED IN NEW YORK STATE

COURT OF APPEALS DECIDES ACT VIOLATES CONSTITUTION.

ALBANY, N. Y., Aug. 31.—The Court of Appeals, by a vote of 5 to 2 today held the state soldier bonus act invalid on the ground that it violated article VII, section 1, of the state constitution, which prohibits ending the credit of the state for the benefit of any individual, association or corporation.

The bonus act according to the majority of the court, is clearly a gift of the credit of the state unless it is a payment of some obligation which the state owes.

The claim, the court holds, is a claim essentially against the federal government and which the government recognizes and in payment of which it proposes to appropriate an amount estimated at between three billion and five billion dollars.

Comptroller James A. Wendell, expressed regret "that a law approved by a majority of over 700,000 votes of the people and enacted for such a really meritorious purpose, should have to be declared unconstitutional."

SPEEDERS ARRIVE.

George Clark and Pat Murphy, two of the racers who will enter the speed classics to be held here next week in connection with the Labor and Industrial Show, arrived in Amarillo yesterday. Clark will drive a J. I. Case and Murphy an Essex. They are among the best known auto racers in the Southwest, it is said.

By Associated Press.

HULL, Aug. 31.—Three more bodies were recovered from the wreckage of the ZR-2 late today, making a total of twenty-two recovered since the accident. One of the three was identified as that of flying officer, V. H. Wickes. The body which was washed ashore this morning was later identified as that of Sergeant J. W. Mason, of the royal air force.

DAIRY MEN COMPLAINING.

Dairy men have already shown a more decided inclination to comply with the city's new milk ordinance, as a result of the investigation which was ordered Tuesday, Inspector Duke said yesterday. These dairies which are complying with the law will not be infected, but the general standard will be brought up to comply with its provisions, he said.

Social to the News.

CLOVIS, N. M., Aug. 31.—The Forum committee of the Chamber of Commerce, acting under instructions from the board of directors, held a forum at the court house Monday night at 7:30 for the purpose of discussing the constitutional amendments to be voted on at the special election on September 28, 1921. All members of the chamber of commerce, and all citizens of Curry county, desiring information on these important amendments were invited to be present and to take part in the discussion. While the crowd was not as large as the committee had hoped for, Secretary Jones stated that it was a most interesting and enthusiastic meeting, and very instructive and profitable to those present.

SEEKS TO CLEAR UP ENEMIES' PROPERTY

WASHINGTON, Aug. 31.—Recommendation that "provision be made in forthcoming negotiations with Germany and Austria" to enable the alien property custodian to detail information in those countries for use in litigation pending in this country over property seized by the government during the war, was made to President Harding today by Col. Thomas W. Miller, the custodian. It is necessary in the best interests of the government, Colonel Miller said, that American agents be afforded facilities in both Germany and Austria for clearing up matters for former enemy owners and particularly with regard to a number of cases now pending before the courts.

Formation of a policy to govern the ultimate disposition of seized German and Austrian property was discussed with the President, Col. Miller recommending the withholding of enemy property until satisfaction is made in connection with the \$400,000,000 in American claims against Germany.

FARMERS SUFFER NO MORE LOSSES THAN OTHER MEN

RAILWAY OFFICIALS DECLARE RATES DO NOT LESSEN TRAFFIC.

WASHINGTON, Aug. 31.—Agriculture is in no more serious plight than other industries as a result of the present depression, four vice presidents of Western railroads declared today, before the Interstate Commerce Commission, at its hearing on the question of reducing freight rates on grain and hay. Freight rates, they added, have but little effect on business generally, and advances in rates have never resulted in a reduction of traffic. Grain producers have made no appeal of the roads for reduced freight rates, they added, all such appeals having come from governmental officials or agencies.

FARMERS RECEIVE \$31,000,000 LOANS

OKLAHOMA CITY, Okla., Aug. 31.—Farmers' cooperative marketing associations have received loans totaling \$31,000,000 from the War Finance Corporation, Carl Williams of the American Cotton Growers' Association said here today upon his return from Washington.

BRITON AND YANKEE PLEDGE FRIENDSHIP

CINCINNATI, Aug. 31.—Briton and American joined tonight in expressions of friendship and brotherhood between the two of the mother country and that of the United States, when Sir John A. Simon, president of the British War Association and John W. Davis, former United States ambassador to Great Britain, spoke before the American War Association in annual convention here.

Love of liberty, a joint literature, the same language and the common law were declared by Sir John to be the four exemplars of the gospel of Anglo-American friendship.
